Weight Management Shake

Losing Weight Has Never Tasted So Good!

www.sisel.net

A Key Support to Weight-Loss Management

With **SiseLEAN™**, managing your weight can be a simple, healthy way to hit your goals. While many weight loss supplements pride themselves on being fast, they often just cut calories without providing the nutrition and weight loss support you may need. On top of that, you're still hungry all day!

SiseLEAN™ is a delicious weight loss solution: a convenient low calorie shake filled with intense nutrients that help fill you up and gets you through your day. Our unique formula offers over 50 trace minerals and an exclusive undenatured, inert micellar whey protein concentrate. Cut back on calories in a healthy and wholesome way. By replacing just one or two meals a day with **SiseLEAN**, you'll be on a healthy path toward your weight loss goals in no time!

Two Delicious Flavors!

Enjoy all the benefits of **SiseLEAN** in delicious Chocolate and Vanilla flavors! Now in convenient sachets, **SiseLEAN** makes it effortless to take and enjoy anywhere.

sisel

The Science Behind SiseLEAN™

Our concentrates are all natural, highly purified, and filtered at low temperatures to preserve their powerful properties, offering support for burning fat, building muscle, and curbing your appetite.

More Than 50 Trace Minerals

SiseLEAN's exclusive formula includes more than 50 trace minerals which are often lacking from our diet. The support these nutrients provide may be vital for more than 2,000 essential biological functions, including energy production, healthy joint development, and oxygen utilization—all of which are important for achieving your healthy weight loss goals. This makes **SiseLEAN** a great addition to any diet, regardless of your weight loss goals! Low in calories, *not* on nutrition!

Our unique combination features **Micellar Undenatured Whey Protein Concentrate, Serum Protein Concentrate, Maltodextrin, Pea Protein Powder, and Folic Acid.** This powerhouse of ingredients all combine to support the burning of fat, the building of lean muscle tissue, the improving and prolonging of energy during long workouts, and in curbing your appetite. Our formula tastes delicious and is sweetened by **Stevia**—a naturally occurring, zero-calorie sweetener extracted from plants which also displays high rates of absorption and prolonged release properties.

SiseLEAN Supports an Active Lifestyle

Healthy weight management not only involves your calorie intake and nutrition, it also includes an active lifestyle. Taking **SiseLEAN** after workouts helps refuel and promote healthy muscle development. As you work out, micro-tears form on your muscles that, when healed, build and improve muscle mass. The special micellar whey protein concentrates in **SiseLEAN** may help support improving this process, with a healthy, delicious muscle and weight management system.

In your journey to a new you, don't miss out on this powerhouse of nutritional support! To get the same amount of nutrition found in one serving of **SiseLEAN**, you'd have to eat almost 10,000 calories worth of food and end up spending more than \$80 per meal. Compare that to the 85 calories found in **SiseLEAN**, all for less than \$2 a serving!
