

# Terminator<sup>®</sup> Mouth Rinse

Gentle, Healthy, and Fresh Oral and Breath Rinser

**Terminator<sup>®</sup> Mouth Rinse** is unlike any other oral hygiene product available. Rather than cover or suppress odor, **Terminator** helps to eliminate the odors that cause bad breath, without strong chemicals or alcohol.

The key ingredient in **Terminator** is stabilized chlorine dioxide, which, when used in a mouth rinse, eliminates odor and bad breath.

Another distinctive feature of **Terminator** is the all-natural sweetener xylitol. Unlike ordinary sweeteners, xylitol does not feed bacteria that cause dental caries or plaque. When used as part of a complete dental hygiene program, **Terminator** may help improve your next dental checkup and the cool, minty flavor leaves your breath fresh and inviting.
